

School of Education

The St. Thomas BEd is a post-baccalaureate degree program that builds on your previous undergraduate education in arts, science, commerce or other comparable programs.

In other words, we expect our students to have well-developed analytical, research and communication skills before they enter the BEd program. In addition, we'll expect you to have enough background and expertise within a particular subject area to teach content.

The BEd program is designed to provide you with a professional education to allow you to effectively share your knowledge and apply your skills in the classroom and other educational settings.

The St. Thomas BEd is an intensive 60 credit-hour program delivered in one calendar year. It offers you the opportunity to concentrate in one of the three teaching areas — elementary (K-5), middle and secondary (6-12), or second language (French).

The program is designed to encourage cross-disciplinary approaches to teaching. One component explores the use of technology for teaching and planning. Faculty have a very close relationship with BEd class members, carefully monitoring internships and taking an active interest in students' professional development. As a member of the BEd class, you should anticipate a high level of interaction with your BEd peers. Because of the intensive nature of this course of study, you will find that the program's demands on your time, energy, and abilities simulate the kind of work expected of public educators.
